

Casserole Carrier

Moda Toweling is such a versatile fabric. It is 100% cotton and comes in 16" and 18" wide with the long edges hemmed. It is also available in 60" with unfinished edges.

If you're going to a pot luck dinner or contributing to a holiday gathering, with your favourite dish, then this carrier will keep your meal toasty warm and safe.

Cover the top of your baking pan and wrap it up in this casserole carrier. The handles make it easy to carry and it is designed to fit a standard 9" x 13" pan. If you have a larger pan, just make the two sections a little longer and wider.

Wash it in cold water to keep it clean.

Strips are cut across the width of the fabric.

Use a walking foot when sewing toweling.

Finished Size: 15" x 13" x 2"

Cutting

- * From 18" wide toweling cut:
 - one 30" length and trim off the hems
 - one 38" length and trim of the hems
- * From lining cut:
 - 18" strips (x2) then cut:
 - 34" long (x1)
 - 42" long (x1)
- * From binding cut:
 - 2 1/2" strips (x5)
- * From 1 1/2" wide Boro trim twill tape cut:
 - 72" length (x1)
- * From insulated batting cut:
 - 18" x 34" (x1)
 - 18" x 42" (x1)
- * From 3/4" wide Velcro cut:
 - 4" lengths (x2)

Requirements

- 18" wide Toweling: 2yds
- Lining: 1 1/8yds
- Binding: 6"
- 1 1/2" wide Twill Tape: 2yds
- Insulated Batting: 1 1/4yds
- 3/4" wide Velcro: 10"

Sewing the Casserole Carrier

1. Place the batting between the toweling and the lining fabric to create 2 rectangles. The lining and batting is bigger than the toweling. Quilt as desired.

2. Trim the quilted pieces to measure:

- 15" x 28" (x1)

- 15" x 36" (x1)

3. Join binding end to end with a diagonal seam. Bind the raw edges of both quilted rectangles. Fold the binding over to the lining side and hand or machine stitch.

4. Place the shorter rectangle, lining side up and place the longer rectangle on top, lining side up, to make a cross shape.

5. Sew the rectangles together through all layers as shown in the diagram by the dotted line.

6. Sew a 4" length of Velcro to the lining side of the long rectangle 2" in from each bound edge. Sew the other half of the Velcro to the other end of the long rectangle, on the toweling side, 2" from the edges.

7. Sew the Boro twill tape end to end, make sure it is not twisted.

Place the tape on the toweling side of the casserole cover, so the tape is 3" from the binding on the short rectangle, as shown in the adjacent diagram. Place the seam in the centre. Sew in place, through all layers, as indicated by the dotted lines.

8. Bake a lasagne, wrap it in your casserole carrier and visit a good friend!
